

**Working Group on  
Combating Intimate Partner Violence and Adult Sexual Violence**

**Terms of Reference**

1. To examine the problem of intimate partner violence and adult sexual violence in Hong Kong;
2. To map out strategies and approaches in handling the problem, including prevention, public education, publicity and provision of services;
3. To examine the existing procedures and guidelines on handling the problem and recommend improvement measures;
4. To strengthen coordination and cooperation among government departments, non-government organisations and professionals in handling and combating the problem;
5. To coordinate statistics and facilitate research studies; and
6. To form task groups or sub-groups to examine specific issues where necessary.
